

Hori Fishing Light HLS-FL1-04L

General

Application : Fish Attractor Lights
Optical Model : Internal LED Reflectors and Clear Case

Electronic Design

Operating Voltage : 2 X AA (3V) Battery
LED Quantity : 4
Feature : Water Activated Sensor

Mechanical Design

Casing Model : HLS-FL1
Casing Materials : PC
Optical Design : Internal LED Reflectors and Clear Case
Optical Material : PC

Photometric Specification

Luminous Flux : 9lm \pm 10%
Lights Color : Green
Wavelength : 525 \pm 10nm
LED Lifetime : 50000 hours

Protection

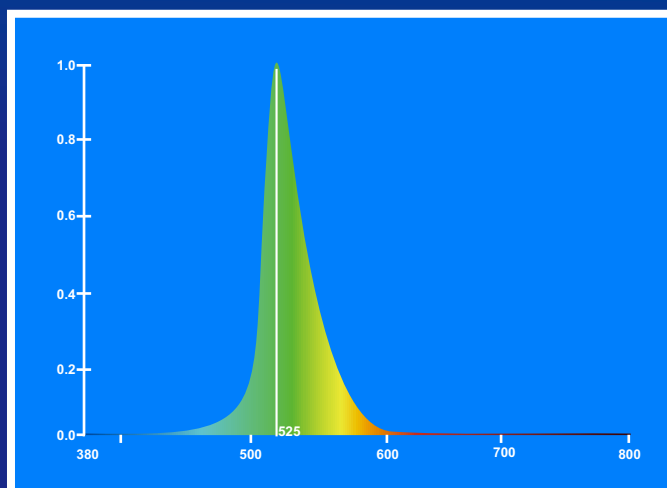

Ingress Protection : Waterproof

Features

Water Activated : Yes
